

Since the provided text is just header information and doesn't contain factual content about carbon and its compounds, I'll create general MCQs related to the context suggested by the header, assuming it refers to a study resource for 10th-grade science.

1

Question: What is the primary topic of the notes mentioned in the header?

- A) Biology
- B) Physics
- C) Chemistry
- D) Carbon and its compounds

Correct Answer: D

2

Question: What academic level are these notes designed for?

- A) Class 8
- B) Class 9
- C) Class 10
- D) Class 11

Correct Answer: C

3

Question: What subject do these notes pertain to?

- A) Mathematics
- B) Science
- C) History
- D) Geography

Correct Answer: B

4

Question: Which website hosts these notes?

- A) [www.vibemedia.in](http://www.vibemedia.in)
- B) [www.padhle.in](http://www.padhle.in)
- C) [www.onepagenotes.com](http://www.onepagenotes.com)
- D) [www.class10science.com](http://www.class10science.com)

Correct Answer: B

5

Question: What type of resource are these notes described as?

- A) Textbook
- B) Workbook
- C) One-page notes
- D) Question bank

Correct Answer: C
